C. MADIAH, *President.*

MARIKANAVE DIVISION.

Dated 18th February 1899.

Notice is hereby given that sealed tenders will be received at the office of the Superintending Engineer, Marikanave division, up to 9th March 1899, for excavating the north saddle for a weir to the proposed Marikanave reservoir. The work is divided into 3 sections. An approximate estimate of the quantities in each section is given below. The work should be completed by June 1899. The competitor may tender for one or more sections of the work.

2. The plans, detailed estimate, and conditions may be seen at the office of the Superintending Engineer, between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Superintending Engineer and be accompanied by a statement, in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 500 in cash or currency notes, as earnest money, and be superscribed "Tender for excavating north saddle for a weir,—Marikanave works;" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the accepted tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the office of the Superintending Engineer in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply. On acceptance of the tender the earnest money on rejected tenders will be returned.

ABSTRACT.

Items of work.	Section I C. S. 1 to 7.	Section II C. S. 7 to 9.	Section III 9 to end.
Stuff that can be removed by pick axes, c. yds. ..	23,800	32,741	37,803
